# Valtra® MA5210

### High Impact Polystyrene

## Saudi Polymers Company

#### Message:

Features Super high molecular weight High impact properties High heat distortion temperature resistance Good scratch resistance Excellent molding processability Typical Applications Fast cycling molding application like TV housing, air conditioner, video housing, instruments, home and office applications.

| General Information   |                             |          |             |
|---|-----------------------------|----------|-------------|
| Features  | Ultra high molecular weight |          |             |
|   | Impact resistance, high     |          |             |
|   | Workability, good           |          |             |
|   | Fast molding cycle          |          |             |
|   | Scratch resistance          |          |             |
|   | Compliance of Food Exposure |          |             |
|   |                             |          |             |
| Uses  | TV housing                  |          |             |
|   | Household goods             |          |             |
|   | Shell                       |          |             |
